

Healthy right-handed volunteers aged 21 to 65 needed for a research study of the effects of acupuncture on brain activity in response to pain stimuli as measured by functional Magnetic Resonance Imaging (fMRI).

Study will be conducted on three separate days not requiring an overnight stay in the hospital.

Compensation will be up to \$200.

Contact Ginger Polich by phone (617-726-5004) or email ginger@nmr.mgh.harvard.edu.
