

Pricing is subject to change. Some vendor restrictions may apply. Some vendors have extensive product lists; if you want a vendor product not shown here, please contact us for pricing and availability. Fax: 617-496-4358 Phone: 617-496-7483 Email: software_licensingpo@harvard.edu, "Information for Affiliate Purchasers Product Listings and How to Order" URL http://www.uis.harvard.edu/software_licensing/

Some products require minimum user purchases, see product description for minimum-maximum levels, prices are per user.

EXAMPLE: BEST SOFTWARE, 5-24 USERS \$26.35
User must purchase at least Quantity 5 at \$26.35 each, for a line total of \$131.75.

NOTES:

~ **ADOBE:** Harvard's new Adobe license agreement allows us to sell Adobe products to Harvard University faculty, researchers, and staff who hold valid Harvard IDs (HUIDs). **Holders of a valid HUID can purchase only one copy of each version of an Adobe product.** For example, you may purchase one copy of Acrobat 9 but you cannot purchase a second copy of Acrobat 9. You are not eligible to purchase Acrobat again until the next version of Acrobat is released.

Our reseller agreement with Adobe no longer allows us to sell Adobe products to Harvard Hospital Affiliates who do not hold a valid Harvard ID.

~ **SAS ALL ORDERS MUST INCLUDE A VALID HARVARD ID NUMBER FOR EACH USER.** **SAS Terms and Conditions** governing Harvard's Academic Agreement allows for the use of SAS in support of noncommercial research activities that benefit Harvard but may not be directly tied to classroom instruction or coursework. The noncommercial research activities must be in direct support of, and benefit to, Harvard University. ~ Use of Harvard's Academic Agreement for both teaching and noncommercial research activities is as always, limited to Harvard faculty, Harvard students, and Harvard researchers. ~ SAS program must be renewed annually. The renewal date of July 14 is encoded into the software itself and, if not renewed, the software will not work beginning in October.

~ **IBM SPSS** SPSS is now owned by **IBM**. Our SPSS Agreement does not allow us to sell SPSS licenses to Harvard's hospital affiliates unless the licensee is a Harvard faculty or staff member with a valid Harvard ID who is using the software for Harvard-related academic use or Harvard internal administrative use. **Additionally, you cannot install/use this license on a computer at a hospital, clinic or other similar facility.** It is for Academic Use (research or teaching). It should be installed on a Harvard University owned machine. Hospital Affiliates should first contact your purchasing dept to see if a licensing agreement is in place. Otherwise, you can contact SPSS rep Joe Beucher, jbeucher@us.ibm.com or 1-800-543-2185 x3441, for licensing information.

~ **MICROSOFT** Our Microsoft contract does not include Affiliated Hospitals department purchases using a Purchase Order. The UIS Software Licensing Microsoft contract requires purchase through Harvard departments only; a PO is not acceptable for payment. Harvard's MS Campus Agreement is available to Harvard Schools/Departments through designated contacts .(http://www.uis.harvard.edu/software_licensing/).

Harvard ID holders may make personal purchases of Microsoft Office through http://www.uis.harvard.edu/technology_services. Click on 'Shop at Harvard' button.

~ **Upgrade (UPG)** products require proof of purchase of previous version. Some require license number (example Symantec multi-user products, Filemaker Adv and Svr) to purchase upgrade pricing.

~ **SYMANTEC** requires that Enduser information be reported with each purchase of this product. End-user information is defined as: contact, school name, address, city, state, zip code, telephone, email and fax.

When placing orders for items from the Software Licensing catalog, make sure you have the license AND the media. No orders placed for CD/DVD (media) only will be processed without proof of license purchase.

CODE	VENDOR	DESCRIPTION	TYPE	PRICE
ADOBE Harvard's new Adobe CLP contract requires an active valid Harvard ID for each license per product version. Adobe CS4 SUITE products' pricing is while supplies last. Prices are subject to change.

MICROSOFT
 Our current contract with Microsoft does not allow Enterprise Software Licensing (software_licensing@harvard.edu) or Technology Services (technologyservices@harvard.edu) at Harvard-UIS to distribute their products to affiliated hospitals. We can provide the software to Harvard departments, requiring a Harvard department 33-digit billing code only to order the software.

SAS				
ALL ORDERS MUST INCLUDE A VALID HARVARD ID NUMBER FOR EACH USER.				
SAS Terms and Conditions governing Harvard's Academic Agreement allows for the use of SAS in support of noncommercial research activities that benefit Harvard but may not be directly tied to classroom instruction or coursework. The noncommercial research activities must be in direct support of, and benefit to, Harvard University.				
Use of Harvard's Academic Agreement for both teaching and noncommercial research activities is as always, limited to Harvard faculty, Harvard students, and Harvard researchers.				
SAS program must be renewed annually. The renewal date of July 14 is encoded into the software itself and, if not renewed, the software will not work beginning in October.

SPSS				
Our SPSS Agreement does not allow us to sell SPSS licenses to Harvard's hospital affiliates. Hospital Affiliates should first contact your purchasing dept to see if a licensing agreement is in place. Otherwise, you can contact SPSS rep Joe Beucher, jbeucher@us.ibm.com or 1-800-543-2185 x3441, for licensing information.
